Dear Ray:

When I first started collecting tokens, one of my first loves was the George Junior Republic tokens, and later I found other Boys Republics with tokens. One such was the Ford Republic. I contacted the Ford Motor Company and they had never heard of it. Years later I ran into a news item which I followed up, but got no reply.

At Houston I ran into Joe Levine (Presidential Coin and Antique; also Board member of TAMS); he stated he had a Ford Republic token in his next mail auction, and what did I know about it. I gave him the same information.

I did not bid on it -- was busy and before I knew it it was too late -- but I awaited with interest the Prices Realized sheet. To my surprise there was no bid.

So I took a look at what I had. There is a set of 1¢, 5¢, 10¢, 25¢, 50¢, 1.00 and 2.50, Rd Al. The 2x2 envelope shows I got it as one lot in a mail auction -- have no idea from whom -- and it only states that they were issued about 1911, with the 2.50 issued in 1922 in error. Nothing else.

Then I found an old news clipping which I think is the answer. When I re-read it, it suddenly dawned on me -- Waycross, Georgia! Georgia! Of course, R. W. Colbert is the one who can check it out. I also found I had a cuplicate 10¢. The set I have is Unc., the duplicate shows that it has been used.

Am attaching a copy of the news article for your reference. And in the spirit of the Three Wise Men I am making you a gift of the 10¢, herewith enclosed. Hopefully this will give birth to a successful investigation and perhaps an article in TAMS.

May I also take this opportunity of wishing you and yours a most Merry Christmas and a Happy New Year.

Regards,

Dear Mr. Wahlberg:

I finally located the larger George Junior Republic token and a ten-cent value dated 1910. Will enclose rubbings of it and the 1 which I mentioned to you last year, plus another WPA tag which I purchased from an old man from Illinois a few weeks ago.

The George Junior Republic tokens are both completely readable, but both show a lot of wear and the "1" has several pock marks on it.

Prefer a trade for Fla. trade tokens, if you have acquired any since our last exchange of letters, but will sell the three if you have nothing to trade and buy three from a Fla. collector who is holding a few for me at this time. It works as good as a three-way trade, so please send your offer.

The Royal American Shows carnival tokens have been attributed to Tampa, Fla. and I recall that you save these carnival items. Do you have any of these mavericks in your collection? If you have any for trade or come across any, please let me know. I would like to have complete descriptions of any different pieces which you have or know about, if you can help.

Thank you.

Sincerely,

C. R. Clark

Dear Ag:

Thanks for the letter with information about the George Junior Republic article and the "show" tokens.

Harry English sent rubbings of the Raiford tokens to me a year or two ago, but I have not had any luck in locating even one piece. I have a coupon book from the prison...no tokens. I save Fla. tokens of all types, but not prison tokens in general. I want the Raiford tokens because they are Fla. trade tokens. I have heard about one other Raiford token without the city and state, but I have not seen it.

I will try to find the information about the George Jr. Republic tokens, to increase my knowledge about tokens, then let you know what I decide about the piece that you need. I really prefer to trade for a Florida token that I need, but I understand that you do not see Fla. pieces, so I will have to decide about selling or trading. I am still looking to find the other George Jr. Republic token.

The information is greatly appreciated, and I will let you know if I decide to sell the two tokens that you need.

Sincerely,

C.R.

Dear C. R.:

The GJR token arrived, along with the gift, which I am happy to possess. Thank you very much. I have no idea what or where it is from, but perhaps I will run into this information some day.

Am enclosing the Royal Shows of America 25¢ which I trust you will like.

Should you run into any other CCC token, I like to know about it. I recall I got one from you in the past, and sometimes lightning strikes in the same place twice. Will let you know if I run into anything in the way of Florida material.

Regards,

March 25, 1977

Dear C.R.:

Received your note with the GJR rubbing. It is a denomination and date that I do need. Am willing to trade an earlier Royal Shows of America -- and more rare -- for this GJR token you found. I am impressed with the condition of the token you sent the rubbing of, and I like the way you find things. Maybe I will be lucky enough to have you find other material for me. Remember I collect prison and CCC tokens as well as circus and GJR.

Rather than waste postage and time writing back and forth, am enclosing it herewith for your approval. You can send it back if it is not satisfactory.

Regards,

ALLUM

Dear Ag:

Just a short note  
let you know that I found  
a George Junior Republic 5,  
dated 1910, on Friday at  
an antique show in Tampa. It  
is in XF condition. Will  
enclose a rubbing for you to  
check to see if you have it.

If you have it there  
is no need to answer, but  
if you need it, let, and I  
will set it aside to hold. Will  
hold for a few weeks anyway.  
Good luck! Sincerely,  
C.R.

Dear Ag,

Have fallen behind in answering my mail, but will try to catch up this week. I have a 10-day vacation and about two-weeks work to do around the house, but I plan to get some token-work done also.

From the rubbings and impression, I have the Parrot Paradise piece and the Pinellas Park Souvenir half dollar. The Congo Jungle 100 Bula or mula piece is one that I have not seen, so I am wondering where it was used.

R2/24  
I added another Model Shows of America 25¢ token last week. You indicated that this is a Fla. token in an earlier letter. What location do you have listed for this show? I have not seen it listed in any of my reference materials.

The rubbing shows an undated George Junior Republic one cent token in brass. I have also seen two others which I was not able to buy. One was a 25¢ piece which was damaged. Looked as if a bullet had struck it. The other was a modern one cent piece dated 1945, I believe. The damaged piece was in a flea market in another county several miles away. It has been a month or more since I saw it, so I may be off a little on the description, but it was white metal and about the size of a quarter. It was dated 1896? and had a boy on one side...entire figure...with a shield on the other side. I believe it also had George Junior Republic on one side and Nothing Without Labor on the other. Do you have it?

The one cent token shown above is for trade. If you can use it, let me know. I will set it aside until I hear from you.

Sincerely, CR

Dear Ag,

Received the Royal American Shows 5 in the mail today. I appreciate the trade - will send the GJR, 5¢, 1910 token tomorrow afternoon.

Will keep your specialties in mind as I search for all kinds of tokens to trade and those from my own major areas of interest. I have several people who are in a pretty good position to find tokens looking for them and saving them for me.

I am well pleased with the token which you sent. Hope the enclosed piece is what you expected.

Sincerely, C.R.

Dear Friends,

This list has fewer pages than some of my other lists have had. However, there are a bunch of Transportation Tokens (approx 335 different) on two different lists. Be sure you don't miss the second list.

To those of you who have sent various different lots for me to purchase, thanks again. I need to buy continuously in order to keep putting out these auctions. If you have anything you would like to sell, please send it along or drop me a line.

Sale rules listed at top of Bid Sheet. This sale closes May 31, 1984.

Good luck,
